INTRODUCTION

- **Beekeeping and Women**

INTRODUCTION

— — —
BRAZIL

State of Pernambuco

Capital Recife

Distance 68 MI /
109Km

Barreiros City

Atlantic rainforest fragment

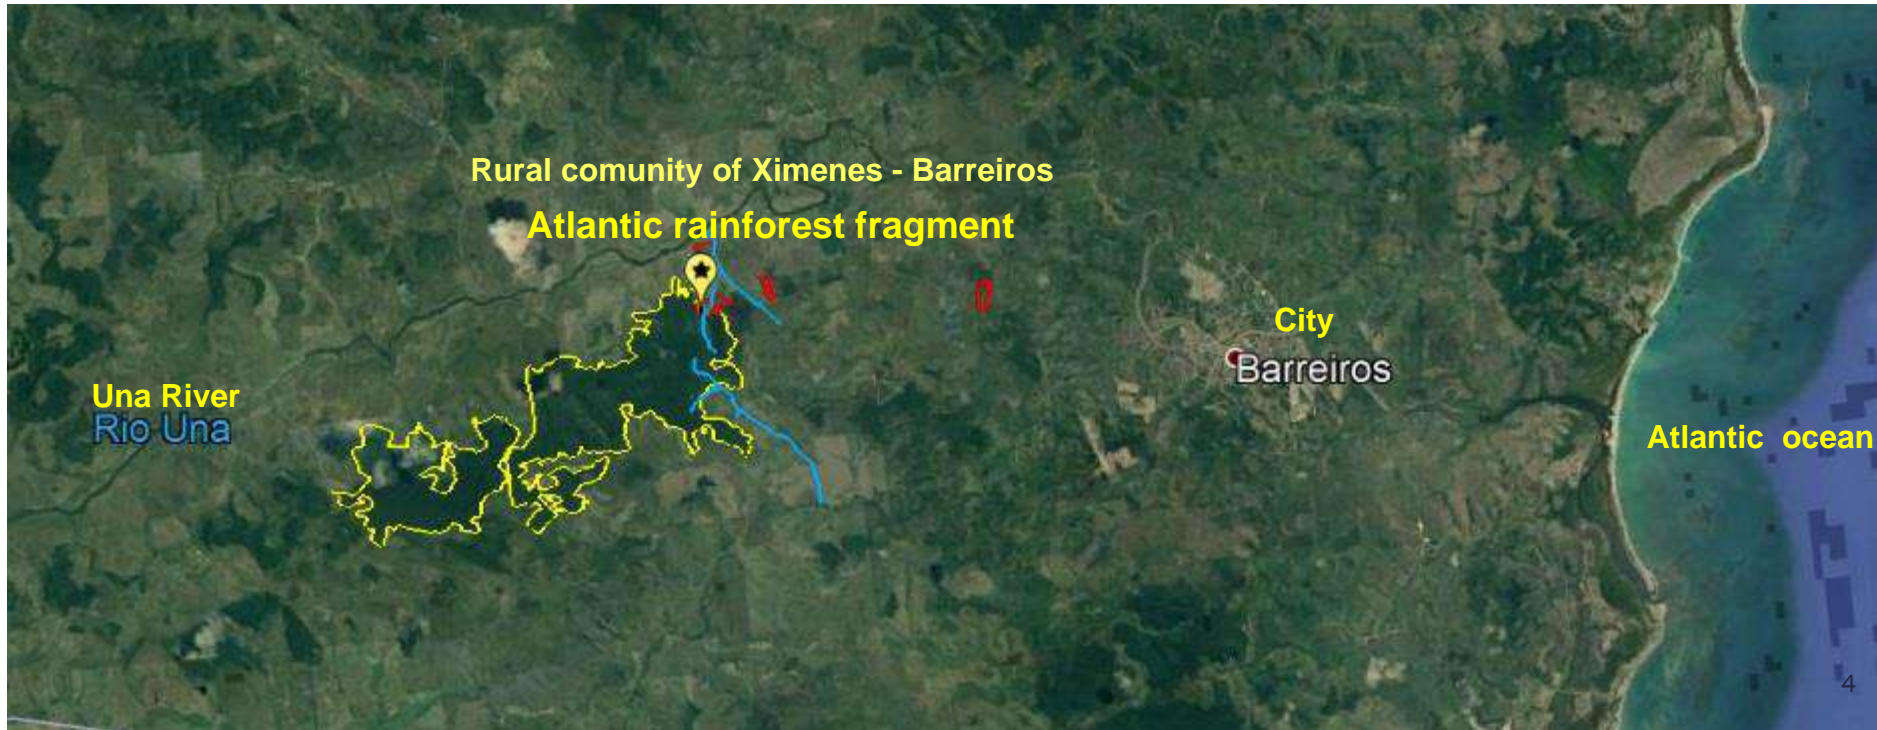

Sugarcane area

Atlantic ocean

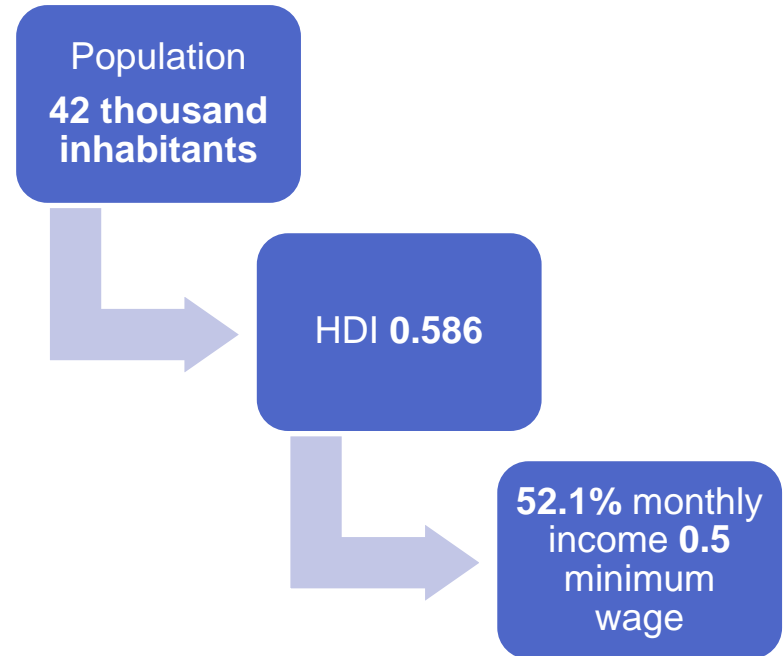

INTRODUCTION

- Barreiros – 7000 ha with sugar cane planting

INTRODUCTION

- Barreiros – Sugarcane represents 97% of agricultural production

INTRODUCTION

- **AgroFlores of Ximenes Women's Group**

INTRODUCTION

- What are the impacts of setting up an apiary production on local development?
- In the development of these people who make up the group of Peasant Women AgroFlores of Ximenes?

OBJECTIVE

— — —

- The aim of this study was to evaluate the impacts of the establishment of an apiary production for the AgroFlores Peasant Women of Ximenes group.

MATERIAL AND METHODS

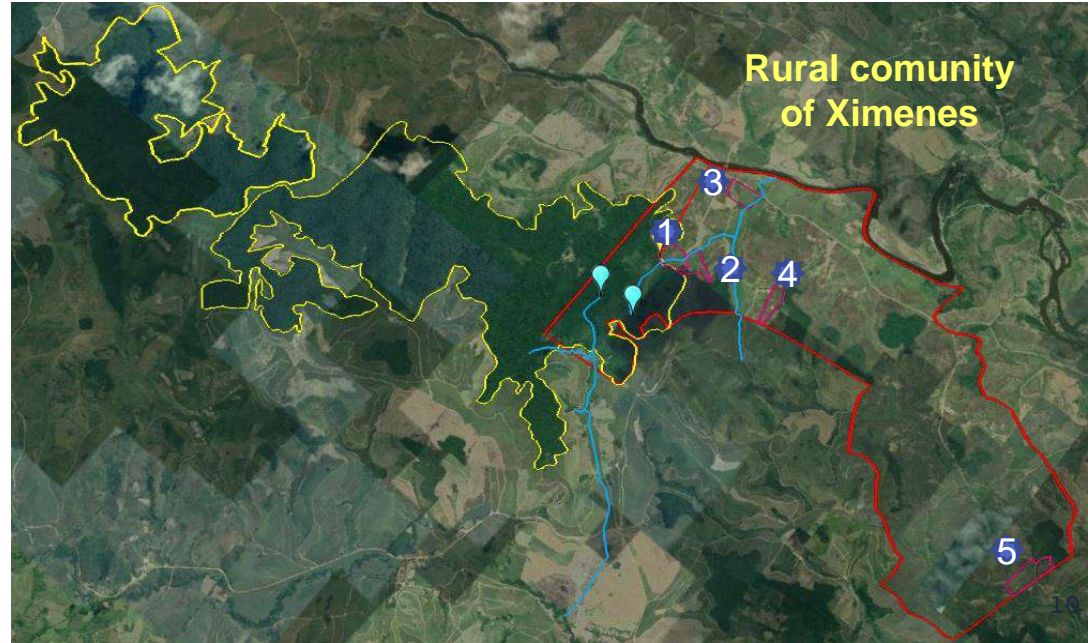

— — —

- **Beekeeping presented-** Interviews, seminars and workshops

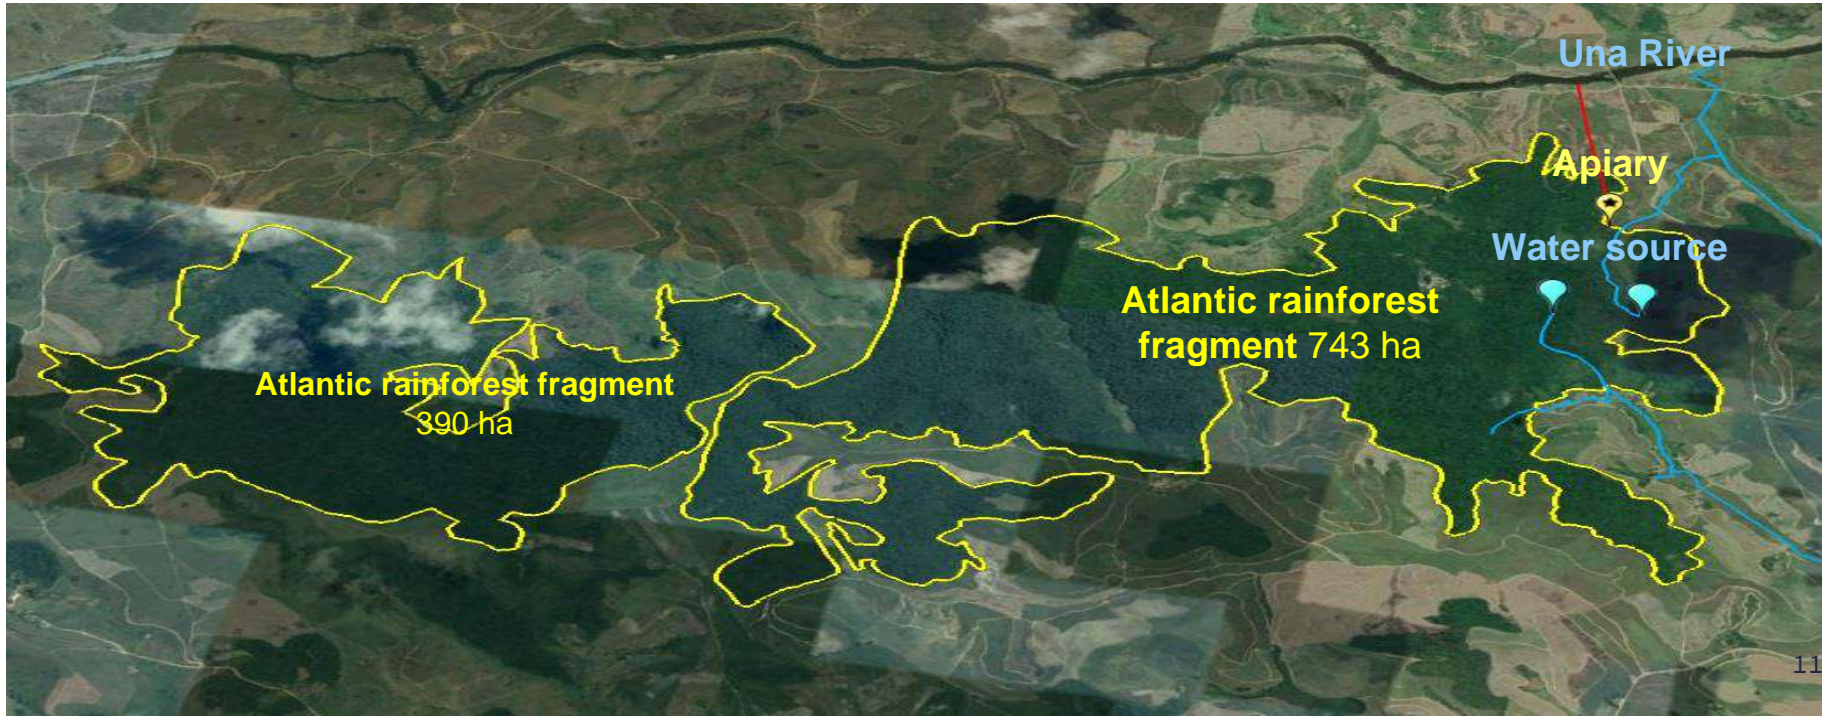

MATERIAL AND METHODS

- Place Planning for Apiary Deployment –

MATERIAL AND METHODS

- Apiary location –

MATERIAL AND METHODS

- Apiary location –

MATERIAL AND METHODS

- **Apiary Deployment** – Nature Swarm Capture with Bait Box

MATERIAL AND METHODS

- **Apiary Deployment**– Swarms transferred at night to the apiary

MATERIAL AND METHODS

— — —

- **Apiary Deployment –**

MATERIAL AND METHODS

- Establishment of the apiary- Beehive Management

RESULTS AND DISCUSSION

- **Honey Production** – Sixty days after apiary implantation

RESULTS AND DISCUSSION

— — —

- Beekeeping, income generation and healthy food –

RESULTS AND DISCUSSION

- Beekeeping Integration with Agroforestry Systems–

RESULTS AND DISCUSSION

- Bee Conservation – Community Children Planting Flowers

RESULTS AND DISCUSSION

- Beekeeping and Environmental Education –

RESULTS AND DISCUSSION

— — —

- Beekeeping and family manpower –

CONCLUSIONS AND CONSIDERATIONS

- The Beekeeping provided positive impacts by reducing poverty, promoting food security, sustainable agriculture, health and well-being, as well as gender equality.
- Future perspective of valorization of the local product because the honey of this region has a typical flavor and coloring of the southern Pernambuco rainforest.

CONCLUSIONS AND CONSIDERATIONS

— — —

- The positive impacts of beekeeping in this project are aligned with 11 of the 17 goals for sustainable development proposed by the United Nations.

ACKNOWLEDGEMENTS

— — —
